Stoke City Football Club is heading to the Latrobe Valley this summer.

After successful campaigns in the English Premier League, Stoke City FC now finds itself amongst the biggest clubs in Europe by competing in the prestigious Europa League.

This is your chance to be **coached by Stoke City FC** academy coaches and get an insight into the training methods that are used by the top clubs in England.

Each camp will consist of **12 hours of intense training** where players will be coached, monitored and offered feedback by the Stoke City FC coaches.

Players will be provided with a **training top** and a **Stoke City FC pack**.

One lucky player will be given the chance of a lifetime and be offered an **all expenses paid** trip to train at the Stoke City FC Academy in England.

Clayton Wood

Jordan Harrison is 9 years old and was selected in the previous camp

held at the Gold Coast, Australia earlier this year.

He arrived to Stoke on a Friday, trained on the Saturday morning, played against Manchester United that Sunday and scored 3 goals.

He trains 5 nights a week and plays on the weekends for Stoke City FC.

One very fortunate player from the camps will be selected by the coaches and will be offered the chance of a lifetime, an all expenses paid trip and travel to train at Stoke City FC's Academy in England.

The Academy is based in Clayton Wood and it is a recently renovated complex that boasts state-of-the-art facilities.

This £7 Million complex caters for the academy and first team squads and features , grass fields, synthetic pitches, nine changing rooms, a gymnasium, hydrotherapy suite, medical facilities, dining area and administrative offices.

Therefore, it provides the Academy scholars with the very best environment in which they can develop their football talents in the future.
